SUMMARY

Passionate and globally minded Bachelor of Computer Science student with a drive to harness the power of data for positive impact. Demonstrated leadership as a tutor, helping peers overcome technical challenges and fostering a collaborative learning environment. Eager to expand my knowledge of international operations and contribute creative, analytical solutions, while developing my own expertise in data analytics within a multicultural team.

RELEVANT EXPERIENCE

Python Tutor

Sajha Entrance – June 2025

- Instructed students in fundamental Python programming concepts
- Assisted learners with practical coding exercises and troubleshooting data manipulation issues
- Encouraged analytical approaches in problem-solving for programming challenges

Part-time Tutor

HopeNepal – December 2024 to April 2025

- Assisted in developing learning resources and delivered tutorial sessions
 - Fostered collaborative learning and technical understanding among students
-

PROJECTS

Students Data Analysis

- Analyzed educational datasets using NumPy and matplotlib
- Visualized data trends and generated insights to support academic planning

Tac/Tak/Tok Game

- Developed an object-oriented game implementation in Python
 - Applied OOP principles to simulate tactical gameplay and manage state logic
-

EDUCATION

B.Sc. (Hons.) Information Technology

Asia Pacific University of Technology & Innovation

Sep 2024

+2 in science,

Trinity International College

Mar 2022

ADDITIONAL INFORMATION

- **Programming Skills:** Python, SQL
 - **Languages:** English, Nepali
 - **Certifications:** Python Programming, (Programiz) SQL, (Programiz). NumPY for Data Science (Programiz)
 - **Soft Skills:** Analytical Thinking, Fast Learner, Problem-Solving, Adaptable
 - **Volunteer:** InnovateEXPO
Career Conclave 2024,
9th Management & IT Education Fair 2024
- July 2024
August 2024
August 2024

Diwas Rathod

Program Director at Hope Nepal,
Phone no: +977 9823619287
Email: rathoddiwas@gmail.com

Diwas was my mentor during a computer training program after my 10th class. Under his guidance, I built a strong foundation in computer science, which led to his hiring me as a part-time Computer Tutor at Shree Balbodh Secondary School. His mentorship and leadership have been pivotal in my professional growth and development.
